About Booster's Socially Responsible Investment Funds

Booster offers a range of socially responsible funds, which exclude investments that do not satisfy certain socially responsible criteria and allow Kiwis to reflect their values in their investment choices.

In addition to considering environmental, social and governance criteria in our assessment of certain investments, these funds also exclude investments in directly held companies and managed fund investments that are principally involved in certain activities within the **tobacco, alcohol, gambling, armaments, nuclear power, pornography and fossil fuel** industries. These funds also exclude investments in directly held companies that are principally involved in **animal testing on non-medical products, factory farming, genetically modifying organisms, seaborne livestock exports, whaling, recreational cannabis and palm oil production**.

Our Approach to Responsible Investing policy (booster.co.nz/responsible-investing-policy) is a great place to learn more about what we do. It includes more detail on excluded investments in the section titled "Socially responsible investing".

CERTIFIED BY RIAA

This fund has been certified by the RIAA according to the strict operational and disclosure practices required under the Responsible Investment Certification Program. See www.responsiblereturns.com.au for details.¹

Investment Objective and Strategy

The Wealth Growth Fund is suited to investors who seek potentially relatively high returns on average over longer term periods (seven years plus), allowing for short to medium term ups and downs, whilst excluding investments which do not satisfy certain responsible investment criteria. We aim to achieve this by investing primarily in growth assets, with a moderate allocation of income assets, and the application of our Approach to Responsible Investing policy.

Historical Fund and Market Index Returns²

Fund returns are after deductions for fund charges and tax (at 28% PIR), and we have adjusted market index returns to be on that same basis.

Fund Characteristics³

The range of expected returns for the fund is shown below. This shows how returns on the fund are likely to vary more in the short term, but converge in a narrower range over the longer term.

Expected Long Term Return Forecast (p.a. after fees)

Range of expected returns in any one year (p.a. after fees)

Range of expected returns in any ten years (p.a. after fees)

PIR

0%	10.5%	17.5%	28%
7.9%	7.4%	7.1%	6.6%
-12% to 31%	-13% to 31%	-13% to 31%	-14% to 30%
0% to 15%	0% to 14%	0% to 14%	-1% to 13%

Risk Indicator

The Risk Indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets go up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way. See the Product Disclosure Statement for more information about the risks associated with investing, and how the risk indicator is calculated.

¹ The Responsible Investment Certification Program does not constitute financial product advice. Neither the Certification Symbol nor RIAA recommends to any person that any financial product is a suitable investment or that returns are guaranteed. Appropriate professional advice should be sought prior to making an investment decision. RIAA does not hold a Financial Advice Provider licence.

² The market index return is based on the weighted average return of the market indices used in respect of the underlying asset classes (based on current target asset class allocation weights) and have been calculated up to 7 March 2025. More information about these market indices can be found in the Statement of Investment Policy and Objectives for the Booster Investment Scheme at www.booster.co.nz. Actual returns are likely to differ from market index returns due to BIML's investment decision making.

³ Expected returns (before tax, and after estimated fund charges) are calculated based on Booster's long-run expectations for investment markets and fund performance and are not a guarantee of future results. The expected returns do not take into account any fees you may have agreed with your financial adviser. The calculation takes information on how market returns have varied in the past and gives a range of what is assessed to be likely in the future. The ranges of expected returns have been calculated using a statistical tool of 2 ½ standard deviations of return volatility – this means that actual returns are expected to fall outside these ranges 1 year out of every 100. While these ranges may be used as a guide, due to the uncertainty inherent in financial markets they are also not guaranteed. Booster reviews the expected returns calculation periodically.

Financial Adviser Fees

I/We instruct Booster Investment Management Limited (BIML) and Booster Custodial Servies Limited (BCAS) to facilitate the payment of the following additional fees to my financial advisers as applicable:

Adviser Service Fee

Adviser service fee (percent fee per annum of the total value of my investments in Wealth Series Funds): _____ %

Adviser set service fee (dollar fee per annum): \$ _____

The Adviser Service Fee and the Adviser Set Service fee if applicable are together capped at 1% p.a. on the total value of your investments in Wealth Series Funds. BIML redeems an amount to cover the Adviser Service Fee from your investment monthly (in arrears) and credits your custodial account with ACNL, from where BCAS pays this money to your financial adviser on your behalf.

Adviser Implementation Fee

Adviser implementation fee (a one-off fee of my initial investment): \$ _____

For tax purposes should the implementation fee be treated as tax deductible? Yes/no. (Please note that not all fees are tax deductible and your adviser may be able to provide you with further information).

The Adviser implementation fee if applicable, is capped at 5% of your initial investment. BCAS deducts the Adviser implementation fee from your initial investment held in your custodial account before your funds are invested in the Booster Investment Scheme and pays this to your financial adviser on your behalf.

All financial adviser fees are optional and must be agreed.

⁴ Asset class weighting is the current target, assets listed within this asset class are actual underlying holdings. The fund does not yet hold investments in the Booster Innovation Fund or Private Land & Property Fund – as the fund grows these target allocations are expected to be fulfilled.

⁵ The Secured Loan to Booster KiwiSaver Scheme SR Geared Growth Fund (a related party), and the Aotea Asset Management Diversified Loan fund, are not independently rated, but Booster Investment Management Limited considers the credit rating of these securities to be equivalent of a Standard & Poor's (S&P) rating of "A" and "BB" respectively. Other ratings are Standard & Poor's (S&P), Fitch's, or Moody's rating where available, otherwise Booster BondWatch rating. BondWatch, Booster's credit review process, is used to review the remaining securities not independently rated. More information can be found at <https://booster.co.nz/bondwatchsummary.aspx>

⁶ Bank of New Zealand (BNZ) has provided a loan facility of up to 50% of the value of the secured properties for use by the Private Land and Property Portfolio to affect its gearing strategy which results in BNZ holding a security interest over assets held by the Private Land and Property Portfolio.

DNR Capital Australian Equities SR Strategy

As at 30 June 2025

About the Strategy

The Australian Equities Socially Responsible Strategy is an actively managed strategy that offers investors exposure to a concentrated portfolio of large and mid-sized Australian companies. The strategy targets high-quality companies which DNR consider to be those with earnings strength, superior industry positions, sound balance sheets, strong management and low ESG risk. The strategy excludes investments in companies where the underlying activities are principally involved in the tobacco, gambling, armaments, nuclear power, and fossil fuel industries, among others. For further details on excluded investments, see our Approach to Responsible Investing policy at <https://www.booster.co.nz/responsibleinvesting-policy>.
