About Booster's Socially Responsible Investment Funds

Booster offers a range of socially responsible funds, which exclude investments that do not satisfy certain socially responsible criteria and allow Kiwis to reflect their values in their investment choices.

In addition to considering environmental, social and governance criteria in our assessment of certain investments, these funds also exclude investments in directly held companies and managed fund investments that are principally involved in certain activities within the tobacco, alcohol, gambling, armaments, nuclear power, pornography and fossil fuel industries. These funds also exclude investments in directly held companies that are principally involved in animal testing on non-medical products, factory farming, genetically modifying organisms, seaborne livestock exports, whaling, recreational cannabis and palm oil production.

Our Approach to Responsible Investing policy (booster.co.nz/responsible-investing-policy) is a great place to learn more about what we do. It includes more detail on excluded investments in the section titled "Socially responsible investing".

CERTIFIED BY RIAA

This fund has been certified by the RIAA according to the strict operational and disclosure practices required under the Responsible Investment Certification Program. See www.responsiblereturns.com.au for details.¹

Investment Objective and Strategy

The Socially Responsible Conservative Portfolio is part of the Workplace Savings Section. The fund is suited to investors who seek modest returns on average over the short to medium term, allowing for some shorter-term ups and downs, whilst excluding investments which do not satisfy certain socially responsible investment criteria. We aim to achieve this by investing primarily in income assets, while including some growth assets, and the application of our Responsible Investment Policy.

Risk Indicator

The Risk Indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets go up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way. See the Product Disclosure Statement for more information about the risks associated with investing, and how the risk indicator is calculated.

Fund Characteristics ³	PIR			
The range of expected returns for the fund is shown below. This shows how returns on the fund are likely to vary more in the short term, but converge in a narrower range over the longer term.	0%	10.5%	17.5%	28%
Expected Long Term Return Forecast (p.a. after fees)	3.8%	3.5%	3.4%	3.1%
Range of expected returns in any one year (p.a. after fees)	-3% to 11%	-4% to 10%	-4% to 10%	-4% to 10%
Range of expected returns in any ten years (p.a. after fees)	1% to 6%	1% to 6%	1% to 5%	0% to 5%

¹ The Responsible Investment Certification Program does not constitute financial product advice. Neither the Certification Symbol nor RIAA recommends to any person that any financial product is a suitable investment or that returns are guaranteed. Appropriate professional advice should be sought prior to making an investment decision. RIAA does not hold a Financial Advice Provider licence.

² The Booster SuperScheme Workplace Savings Socially Responsible Conservative Portfolio was created on 21 December 2021 with the first investment into the fund on 9 June 2023. Past performance is not an indicator of future performance.

³ Expected returns (before tax, and after estimated fund charges) are calculated based on Booster's long-run expectations for investment markets and fund performance and are not a guarantee of future results. The expected returns do not take into account any fees you may have agreed with your financial adviser. The calculation takes information on how market returns have varied in the past and gives a range of what is assessed to be likely in the future. The ranges of expected returns have been calculated using a statistical tool of 2 ½ standard deviations of return volatility – this means that actual returns are expected to fall outside these ranges 1 year out of every 100. While these ranges may be used as a guide, due to the uncertainty inherent in financial markets they are also not guaranteed. Booster reviews the expected returns calculation periodically.

 $^{^4}$ Asset class weighting is the current target, assets listed within this asset class are actual underlying holdings.

⁵ The Secured Loan to Booster KiwiSaver Scheme SR Geared Growth Fund (a related party), and the Aotea Asset Management Diversified Loan fund, are not independently rated, but Booster Investment Management Limited considers the credit rating of these securities to be equivalent of a Standard & Poor's (S&P) rating of "A" and "BB" respectively. Other ratings are Standard & Poor's (S&P), Fitch's, or Moody's rating where available, otherwise Booster BondWatch rating. BondWatch, Booster's credit review process, is used to review the remaining securities not independently rated. More information can be found at https://booster.co.nz/bondwatchsummary.aspx

⁶ Bank of New Zealand (BNZ) has provided a loan facility of up to 50% of the value of the secured properties for use by the Private Land and Property Portfolio to affect its gearing strategy which results in BNZ holding a security interest over assets held by the Private Land and Property Portfolio.
